

Ways to Connect Children & Nature in Neighborhoods and Backyards

Sarah Lansdale

Executive Director

Sustainable Long Island

Rick Magder

Executive Director

Groundwork Hudson Valley

Akiima Price

Chief of Education & Programs

New York Restoration Project

At Sustainable Long Island we believe every Long Islander has the right to:

- A healthy environment
- Clean land, water and air
- A racially and ethnically diverse population
- Parks, community centers and recreational opportunities
- Thriving downtowns
- Trees and grass
- Safe streets and neighborhoods
- Access to quality and affordable food

What is Sustainable Development?

“Development that meets the needs of the present without compromising the ability of future generations to meet their own needs.”

-United Nations Conference on the Human Environment, Stockholm, 1972

Programs that connect children with nature
